Professional Projects

Lifeworks NW: Data Analytics and Web Dashboard Solutions

04/2019 – 09/2021

- Strategic KPI Dashboard represents key company KPIs to executive board. This dashboard tells roll-up stories about how well company is doing using collateral data from multiple sources: finance, CareOregon, Acorn, Netsmart Avatar, medical notes, billing, HR, etc.
- Caseload Management Dashboard represents all caseload data and visual charts in one place. At drill-down level, dashboard tell all relevant data for a particular episode of a client (all appointments, notes, assessments, treatment plans, insurances, level of care, ASAM level, outreach history, assigned clinician).
- Strategic KPIs Dashboard represents all important executive KPIs in one place. Integrate data from our internal sources and multiple other agencies like Care Oregon, Acorn, Healthshare Oregon.
- Revenue & Performance Dashboard represents key factors (roll-up and detailed drill-down) that critical to analyze performances of company, teams and clinicians. Factors include revenue analysis, missed visits/notes analysis, notes/BHAs submission timeliness, group sessions attendance analysis.
- Intake Capacity Dashboard: represent intake capacity (holds vs schedules) of sites, programs and clinicians.
- Medical Services Dashboard: represent 4 key factors (roll-up and detailed drill-down) to medical service team: missed evaluation, missed follow-up visits, evaluation capacity, follow-up capacity.
